

Please Read!

Downloading this product entitles the purchaser club membership for one classroom use only. Please do not share your password or downloaded resources with another teacher. Discounts for school licenses are also available. Please contact me with any questions. Providing this link or password in a Facebook group, or anywhere else online will result in suspension from the club without refund. You will also receive a preliminary take-down notice from my lawyer. This club is a culmination of over 4 years of work over many late nights and weekends, so be honest and respectful please.

Copying any part of this resource or placing it on the internet in any form is strictly forbidden and is a violation of the Digital Millennium Copyright Act (DCMA). **Do not upload this or any of my resources to your class or district website.**

Welcome! I am so excited that you're here! Project-based learning is such a wonderful way to teach the standards. Kids don't often get opportunities to make choices in their learning anymore. Student voice and choice is an important part of becoming a great problem-solver. But you already know all of this because you're here! The member page will be your hub for all of the benefits of your Project-based Learning Club membership. Please take advantage of all parts of the membership!

BEFORE YOU BEGIN, PLEASE FILL OUT THE GOOGLE FORM SO THAT I HAVE THE INFORMATION NEEDED TO APPROVE YOU TO THE FACEBOOK GROUP AND MAILING LIST. THANK YOU!

<https://docs.google.com/forms/d/e/1FAIpQLSeXD5RkVHJydjcsCHQeHGRHflwEH9Ssx8Jg3M-eDSTUbVv9FQ/viewform>

You may access the members-only area IMMEDIATELY using the link on the following page. Enjoy!

Project-Based Learning Resources

Everything you need to get access to your Project-based Learning Club materials can be found here:

<http://performingineducation.com/club>

Password: HelloWonderfulTeacher

On this site you can find the Facebook group information, join the mailing list, and download each resource individually. Resources are organized by grade level and subject and are downloaded instantly when you click the product cover. If it does ask you for a password again, please use the same password as above! Enjoy!

Facebook Group Access

The Facebook group is a great place to find other teachers that are implementing project-based learning in their classrooms. It's also a safe place to ask questions and voice concerns. This will be an especially important resource for you if you're completely new to PBL. This is also a great way to quickly contact me with any questions. For questions that you want to remain quiet, please see the e-mail support section below. You are welcome to post pictures and videos in the Facebook group. It's a closed group so only members of the group can see what you post. I'd love to see PBL in action in your classroom!

Once you are approved, please read the pinned post for group rules. Any abuse of the group rules will result in being removed from the group, and you will not be refunded for your club membership. This is only in the case of extreme circumstances, and is also to protect our members!

[Click here to visit the Facebook group.](#) Click the join button and I will approve your membership as quickly as possible. If you have a very different name from the name you used to purchase this membership, I may send you a quick PM just to verify your Order ID#. This is done to protect all members of the group since we will be sharing information about our classrooms, so I appreciate your patience.

Mailing List Access

Enter your e-mail on the subscription page to be added to the club mailing list. This list is ONLY for club updates like new project-based learning activities, resources, etc. Make sure that you add april@performingineducation.com to your address book so that it doesn't go to your spam folder. Also, if you have a gmail account, check your "promotions" folder as newsletters often end up there. You can also check back to this page because all new downloads will be posted here!

[Click here to be taken to the newsletter sign-up page.](#)

Resource Video Links

Many of the project-based learning activities include links to videos on Youtube. Sometimes videos are taken down or moved, so if you find a broken link please try searching for the video title listed on the project. If you can't find anything, post in the Facebook group or e-mail me. I can help you find a good replacement video and even some additional videos that might be a good fit for that PBL and your class.

E-Mail Support

If you have a problem or questions about implementing project-based learning in your classroom, you can e-mail me at april@performingineducation.com. Most e-mails are answered within 24-48 hours.
